WAS IST TSP?

Training Services Partner – Erklärt

Wichtige Fakten zum TSP-Status

1. TSP ist ein Microsoft AI Cloud Partner
2. Autorisiert, offizielle Microsoft MOC-Schulungen zu verkaufen
3. Gebunden an ein Unternehmen bzw. eine juristische Person, nicht an Einzelpersonen
4. Muss die Kundenzufriedenheit sicherstellen und die Schulungsvorgaben (KPI) erfüllen

Warum TSP?

Der Weg

3 Phasen → ein Ziel

Der Weg vom MCT zum TSP
umfasst drei zentrale Phasen:

Ein Unternehmen gründen

MS-Partner werden

TSP werden

EIN UNTERNEHMEN WERDEN

1. Gewerbe oder Freiberuflerstatus anmelden
2. Domain-Registrierung auf deinen Namen (Website und E-Mail-Adresse)
3. Alles muss auf deinen Namen laufen, damit du nachweisen kannst, dass du für das Unternehmen tätig bist – nur so kann der Prozess weitergehen

MS-PARTNER WERDEN

Registrieren als Microsoft AI Cloud Partner – 🕒 Plane bis zu 6 Wochen ein

Schritt 1: Erstelle ein Partner-Center-Konto

Schritt 2: Kontoverifizierung abschließen

Schritt 3: Partner-Dashboard durchstöbern

The screenshot displays the Microsoft Partner Center dashboard. The left sidebar contains navigation links: Home, Account settings, Overview, My learning profile, My access, Account management, User management, Programs, Agreements, Integration sandbox, Organization profile, Legal info (selected), and Identifiers. The main content area is titled 'Account settings | Legal info' and includes a sub-header 'Each tab displays details for aspects of your business.' Below this is a progress bar for the 'Legal business profile' with four steps: 'Verification started' (green checkmark), 'Email ownership' (green checkmark), 'Identity verification' (green checkmark), and 'Employment' (red X). The 'Employment' step is highlighted with a red box. Below the progress bar, the 'Verification status' is shown as 'Rejected' with a red X icon and a 'Learn more' link. A message at the bottom states 'Complete your verification to access Partner Center'. On the right side, a 'Support request created' notification is displayed, stating 'Your support request has been created. A support advocate will contact you during our support business hours at the email address you provided in your request.' Below this, the 'Request details' section shows the problem summary: 'Employment verification is taking longer than 5 business days.', the ID, the problem type: 'Employment verification', and the problem details: 'The enrollment of my organization letsflow 365 e.U. is stocked since March 11. uploaded a document to be reviewed for the employment verification step, unfortunately nothing happens. I have not received any update on that and it stands only "document uploaded successfully".'

Microsoft

Welcome to the Microsoft Training Services Partner Program!

We have received your submission of the Training Services Partner (TSP) intake form. The TSP program is open to all organizations who meet basic customer training requirements. We recommend you thoroughly review our onboarding documentation in the [Getting Started collection](#) on the Learning Resources site to familiarize yourself with program requirements and benefits. Please note that processing of onboarding activities (see below) can take up to two weeks.

Let's Get Started! Below are operational onboarding activities that you'll want to complete in advance of your first training engagement. Once these capabilities are active you may begin delivering official Microsoft training.

- **Register for Microsoft Learn Admin Access** – this enables you to generate the required achievement codes that you will distribute to every learner who completes an official Microsoft training. These codes unlock learner badges on the Microsoft Learn platform. More information on achievement codes can be found on the [Learning Resources site](#).
- **Create a Metrics that Matter survey account** – post-training survey distribution is a requirement of the program and provides you learner insights into the quality of your training courses.
- **Register for Pearson Vue and ALH accounts** – this enables you access to discounted Microsoft Certified Professional (MCP) exam vouchers from the Pearson Partner Store and labs from our Lab Hosters (LH's). Follow these links for more information on [accessing exam vouchers in the Pearson Partner Store](#) and [Lab Hosters](#).
- **Familiarize yourself with the TSP dashboard on Partner Center** – while logged into [Microsoft's Partner Center](#) platform you can access your program
