- Freelance MCT

AGENDA

What we will cover today

1. What's a TSP and who's eligible?
2. Why to become TSP?
3. How to become a TSP.
4. Beyond the enrollment process.
5. Q&A

What is a TSP?

Sponsored by  Microsoft  go deploy  spektra systems  XTREMELABS MARKETPLACE  SCOTTISH SUMMIT   run events

WHAT IS A TSP?

Training Services Partner - Explained

WHAT IS TSP?

Training Services Partner - Explained

Key Facts About being a TSP

1. TSP is a Microsoft AI Cloud Partner
2. Authorized to sell official Microsoft MOC trainings
3. Tied to company or legal entity, not individual
4. Must maintain customer satisfaction and meet training thresholds

WHAT IS TSP?

Training Services Partner - Explained

Key Facts About being a TSP

1. TSP is a Microsoft AI Cloud Partner
2. Authorized to sell and deliver official Microsoft training
3. Tied to company or legal entity, not individual
4. ~~Must maintain customer satisfaction and meet training thresholds~~

MYTH BUSTERS

Fact vs. myth

MYTHS

1. "You need a big company"
2. "It's too complicated"
3. "You need years of experience"

FACTS

1. It's a step-by-step process
2. Your MCT experience counts
3. Solo entrepreneurs qualify too!

Why TSP?

Sponsored by  Microsoft  go deploy  spektra systems  XTREMELABS MARKETPLACE  SCOTTISH SUMMIT   run events

WHY TSP?

Benefits that make the journey worthwhile

Community & Support

Business Growth

- Sell and provide tailor-made learning experiences directly to customers under your brand.
- You are the owner of your business development.
- Gain visibility by being listed in Microsoft's training partner directory.

THE JOURNEY

3 phases one goal

The journey from MCT to TSP
involves three key phases:

Become a business

Become a MS Partner

Become TSP

BECOME A BUSINESS

Motivation & Getting Started

1. Registered business entity
2. Domain registration with your name on it (homepage and email address)
3. Everything must be with your name so you can show you are one of the employees of the company so the process can move forward

BECOME A MS PARTNER

Enrolling as Microsoft AI Cloud Partner – 🕒 Plan for up to 6 weeks

Step 1: Create Your Partner Center Account

Step 2: Complete Account Verification

Step 3: Explore Your Partner Dashboard

I am experiencing a similar issue since more than 8 weeks.

I am a MCT trying to obtain the MS Partner Status, as some customers would like to work with me directly.

Unfortunately, my application status is in Employee Verification since more than 8 weeks now. I started a support ticket, but it has not helped. The support sends once a week an email to let me know this:

"Thank you for reaching out!

Apologies for the inconvenience but your issue is under review currently. As soon as we have an update, we will inform you. "

I do not get any reasons or ways to act... Once a week since April 16.

I already asked using the reply feature in the MS Partner post too, but I do not get any comments/responses either.

See attached the error and the support request I created. Could you please help?

Thanks for your help,

Amelia Hernandez

BECOME A TSP

Enrolling as Training Services Partner TSP – 🕒 Plan for about 6 business days

6. What are your organization's goals in partnering with Microsoft's Training Services Partner ecosystem? *

7. In what geographic regions or markets do you currently deliver instructor-led training?

example: Europe, Brazil, Worldwide, etc. *

8. What do you consider the key training differentiator(s) for your organization?

example: extensive coverage in a specific market or region, training expertise in a specific area, a history of quality training in a specific industry, layered services for job placement, etc. *

9. What training modalities does your organization currently leverage? (Select all that apply) *

☒ Online / virtual

☒ In-person (classroom)

☒ Blended (online and in-person)

☐ Sonstiges

10. Do you have Microsoft Certified Trainers associated with your organization to start training on Microsoft Courses? *

☒ Yes

☐ No

11. Approximately how many students do you intend to deliver official Microsoft training to in the next 12 months? *

Microsoft

Welcome to the Microsoft Training Services Partner Program!

We have received your submission of the Training Services Partner (TSP) intake form. The TSP program is open to all organizations who meet basic customer training requirements. We recommend you thoroughly review our onboarding documentation in the [Getting Started collection](#) on the Learning Resources site to familiarize yourself with program requirements and benefits. Please note that processing of onboarding activities (see below) can take up to two weeks.

Let's Get Started! Below are operational onboarding activities that you'll want to complete in advance of your first training engagement. Once these capabilities are active you may begin delivering official Microsoft training.

- **Register for Microsoft Learn Admin Access** – this enables you to generate the required achievement codes that you will distribute to every learner who completes an official Microsoft training. These codes unlock learner badges on the Microsoft Learn platform. More information on achievement codes can be found on the [Learning Resources site](#).
- **Create a Metrics that Matter survey account** – post-training survey distribution is a requirement of the program and provides you learner insights into the quality of your training courses.
- **Register for Pearson Vue and ALH accounts** – this enables you access to discounted Microsoft Certified Professional (MCP) exam vouchers from the Pearson Partner Store and labs from our Lab Hosters (LH's). Follow these links for more information on [accessing exam vouchers in the Pearson Partner Store](#) and [Lab Hosters](#).
- **Familiarize yourself with the TSP dashboard on Partner Center** – while logged into [Microsoft's Partner Center](#) platform you can access your program
